

Application

“Private Road Gravel”

Whereas Cramahe Township Council has agreed to provide gravel to private roads in the Township; this form shall be the official means of application for such gravel, and the following general conditions shall apply:

- Gravel shall be provided to private roads on a rotating basis, general every 4 years for larger quantities but more frequently if necessary for small quantities such as 1 or 2 loads. Consideration will be given to allowing 2 roads to receive gravel in one year if required.
- This application must be signed and approved by the Treasurer and the Operations Manager for each request of gravel.
- The Township will be under no obligation to crush gravel specifically for these requests, if there is no crushed gravel in the pit at any given time, nor is the Operations Manager obligated to approve a request if all available crushed gravel in the pit is needed for public roads.
- It is understood that the gravel is not free, and payment of \$1.00 must accompany all request applications.
- The Township shall not be responsible for loading or hauling the gravel, although loading may be provided if the loader is working in the pit at the time.
